[REDACTED],

This is a Hair on Fire case now. It has been on the priority list for some time. The engineers updated their report on 8/21/19 and the exposure folks updated their report on 8/28/19. We have been waiting since then for the HH report to be revised. The company called [REDACTED] today to complain about the lack of movement. So, she directed [REDACTED] and CCD to make it a Hair on Fire case. We have rec'd the OK from [REDACTED] to regulate this case with a Consent Order.

[REDACTED] just called me to ask what's needed on this case. It's one of [REDACTED]'s cases, and I don't know anything about it. Does anyone else know? [REDACTED] mentioned there's an updated exposure report.
